All the best over the holidays, we hope you and yours have a wonderful end to the year.
We are grateful to work with wonderful people and appreciate our relationship with you.
Hope to connect in December or early in 2024.
That all said, we do hope that you will enjoy the chocolates, and that you will arise each morning with anticipation as to what more you will learn about Fort Capital, our team, and our clients behind each door.
Not at all unique. You will very likely have more than one advent calendar this year, and (spoiler alert) it is chocolate behind the door.
Not particularly useful. You will probably have more than one advent calendar this year, and (spoiler alert) it is only chocolate behind the door.
Not so clever. At this point, if you are still ready – guessing we are in agreement on this...
Each year we try to come up with a gift that we think may be (A) unique, (B) useful and/or (C) clever. Candidly, if recipients find the gift one or more of the three, we're happy. This year, we are less confident that we have hit that goal:
Happy holidays, indeed.
